Step 2: Understanding our barriers to engagement

Chronic Absenteeism was at 17.4 percent.

What barriers might be preventing families from fully engaging with our school?

- Lack of Transportation
- Language or Cultural Barriers
- Limited Internet/Tech Access
- Communication Gaps
- Family Work Schedules / Time Constraints

When students miss too many days, they fall behind. But when families and schools team up, attendance improves—and students thrive. That's the power of family engagement.
