Presented by:

National Association for Family, School, Community Engagement (NAFSCE), Center for Family Math

Demystifying “New Math” for Families: How Centering Student Brilliance Builds Trusting Family Partnerships

Join us for an interactive webinar designed to equip families with practical strategies to support math learning at home.

Math in middle and high school can often feel challenging, but families play a crucial role in helping students succeed.

Thursday, September 11, 2025

 2:00 PM to 3:00 PM

Key Takeaways

- Explore ways to boost students' confidence, build understanding of key concepts.
- Foster a positive mindset around math—no advanced equations required!
- Practical strategies to support math learning at home without needing advanced math skills.

Ideal for families of students in grades 6–12. This webinar will help you feel more connected, confident, and ready to partner in your child's math journey.

This workshop will be presented by
Math Educator and founder of MathTrust, *Dionne Aminata*

The New Jersey Family Engagement Hub is a project of SPAN funded by the U.S. Department of Education.
